

Aberdeen Global - Technology Equity Fund

A Acc USD

Performance Data and Analytics to 31 January 2018

Important Information

- The Fund invests in equities and equity-related securities of companies involved in high technology industry.
- The Fund invests in a specialist market sector and as such is likely to be more volatile than a diversified fund.
- Investment in this fund may involve a high degree of risk and may not be suitable for all investors. It is possible that the entire value of the investment could be lost.
- Investors are responsible for their investment decisions and should ensure that the intermediary has advised on fund's suitability and consistency with their investment objective. If in doubt, please seek independent financial and professional advice.
- Investors should not invest in this Fund based solely on this document and should read the relevant offering documents (particularly the investment policies and risk factors) for more details before investing.

Investment objective

To achieve long-term total return by investing at least two-thirds of the Fund's assets in equities and equity-related securities of companies involved in high technology industries; and/or companies which have the preponderance of their business activities in high technology industries; and/or holding companies that have the preponderance of their assets in companies involved in high technology industries.

Performance (%)

Cumulative performance (%)*

	YTD	6 months	1 year	3 years	5 years	Since Launch
Fund	6.7	16.7	32.8	45.2	68.6	-35.5
Benchmark	7.7	21.8	41.7	78.3	152.0	36.6

Calendar year performance (%)*

	YTD	2017	2016	2015	2014	2013
Fund	6.7	30.1	5.3	-5.4	7.6	16.7
Benchmark	7.7	38.7	11.8	3.7	10.7	40.2

Source: Lipper. Calculation basis: total return, NAV to NAV, in USD, net of annual charges, gross income reinvested. These figures do not include an initial charge; if this is paid, it will reduce performance from that shown. Past performance is not a guide to future performance.

On 1 December 2011, Aberdeen Global - Technology Fund has been renamed to Aberdeen Global - Technology Equity Fund.

*The Aberdeen International Technology Fund (AITF) established on 15 February 2000 has been merged into Aberdeen Global - Technology Fund (AGTF) on 24 March 2006. Performance prior to the merger date belongs to the AGTF. The investment objectives of the AITF and AGTF are substantially the same and managed by the same management team with similar investment policies and fee structure.

^From 15 February 2000 to 30 September 2017, the benchmark was BofA Merrill Lynch Technology 100 Index. From 1 October 2017 onwards, the benchmark has been changed to MSCI ACWI Information Technology Index.

Aberdeen Global - Technology Equity Fund

Fund risk statistics

	3 years	5 years
Annualised Standard Deviation of Fund	12.89	11.07
Beta	0.84	0.74
Sharpe Ratio	0.84	1.08
Annualised Tracking Error	6.21	6.74

Source: Aberdeen Asset Management, total return, Gross of Fees, BPSS, Datastream, USD.

Please note the risk analytics figures are calculated on gross returns whereas the performance figures are based on net asset value (NAV) returns. In addition, the risk analytics figures lag the performance figures by one month. It should be noted that the figures provided regarding risk would be adjusted if fund fees and expenses were included.

Standard deviation measures historical volatility. Beta is a measure of the volatility of a portfolio in comparison to a benchmark index. Sharpe ratio measures risk-adjusted performance.

Tracking error measures the divergence between the price behavior of a position or a portfolio and the price behavior of a benchmark.

Important information

The above is strictly for information purposes only and should not be construed as advice or an offer or solicitation, to deal in any investment product. Any research or analysis used in the preparation of the above information, procured by Aberdeen International Fund Managers Limited ("AIFML") for its own use and purpose, is based upon sources believed to be reliable as of the date thereof, but no representation or warranty is given as to the accuracy or completeness of data sourced from third parties. Any projections or other forward-looking statements regarding future events or performance of countries, markets or companies are not necessarily indicative of, and may differ from, actual events or results. Opinions, estimates or forecasts may be changed at any time without prior warning.

Investment involves risk. Past performance is not a guide to future performance. Investment returns are denominated in the base currency of the fund. US / HK dollar based investors are therefore exposed to fluctuations in the US dollar / HK dollar / base currency exchange rate. Investors may not get back the amount they have invested. No liability whatsoever is accepted for any loss arising from any person acting on any information contained in this document.

This document is issued by AIFML and has not been reviewed by the Securities and Futures Commission.
