

Allianz Hong Kong Equity

31/08/2017

- The Fund is exposed to significant risks which include investment/general market, country, emerging market (such as Mainland China), company-specific and RMB risks. The Fund may invest in the China A-Shares market via the Shanghai-Hong Kong Stock Connect and Shenzhen-Hong Kong Stock Connect and thus is subject to the Stock Connect risks (including investment quota limitations, trade restrictions, clearing and settlement, uncertainty and change of the PRC law and taxation risks).
- The Fund may invest in financial derivative instruments ("FDI") for efficient portfolio management (including for hedging) which may expose to higher leverage, counterparty, liquidity, valuation, volatility, market and over the counter transaction risks. The Fund will not invest extensively in FDI for investment purpose.
- Dividend payments may, at the sole discretion of the Investment Manager, be made out of the Fund's capital or effectively out of the Fund's capital which represents a return or withdrawal of part of the amount investors originally invested and/or capital gains attributable to the original investment. This may result in an immediate decrease in the NAV per share and the capital of the Fund available for investment in the future and capital growth may be reduced.
- This investment may involve risks that could result in loss of part or entire amount of investors' investment.
- In making investment decisions, investors should not rely solely on this material.

Overall Morningstar Rating™
