Allianz Global Investors Fund  
A / AM / AT

- The Fund is exposed to significant risks of investment/general market, interest rate, creditworthiness/credit rating/downgrading, country and region, emerging market, company-specific and currency (such as exchange controls, in particular RMB). The Fund may invest in the China A-Shares market via the Stock Connect and thus is subject to the associated risks (including quota limitations, trade restrictions, clearing and settlement, China market volatility and uncertainty, change in economic, social and political policy in PRC and taxation risks).
- The Fund may invest in financial derivative instruments ("FDI") for efficient portfolio management (including for hedging) which may expose to higher leverage, counterparty, liquidity, valuation, volatility, market and over the counter transaction risks. The Fund will not invest extensively in FDI for investment purpose.
- Dividend payments may, at the sole discretion of the Investment Manager, be made out of the Fund's capital or effectively out of the Fund's capital which represents a return or withdrawal of part of the amount investors originally invested and/or capital gains attributable to the original investment. This may result in an immediate decrease in the NAV per share and the capital of the Fund available for investment in the future and capital growth may be reduced.
- This investment may involve risks that could result in loss of part or entire amount of investors' investment.
- In making investment decisions, investors should not rely solely on this material.
