

- The Fund is subject to risks, such as investment, equities and equity-related securities, liquidity, counterparty, currency risks and the risks of investing in small and mid-capitalisation companies.
- The Fund's investments may be concentrated in the Hong Kong and China markets and the value of Fund may be more volatile. Investing in emerging markets may involve increased risks, including liquidity, currency/currency control, political and economic uncertainties, legal and taxation, settlement, custody and volatility risks.
- The Fund may invest in derivatives for investment or efficient portfolio management purposes which may involve counterparty/credit, liquidity, valuation, volatility and over-the-counter transaction risks. Exposure to derivatives may lead to a high risk of significant loss by the Fund.
- Dividends may be paid out of unrealised capital gains at the discretion of the Managers which would effectively represent paying dividend out of capital. This amounts to a return or withdrawal of part of an investor's original investment or any capital gains attributable to that original investment. Payment of dividends may result in an immediate reduction of the net asset value of the Fund per unit.
- Investors may suffer substantial loss of their investments in the Fund.

Investment Objectives¹

To achieve long-term capital growth in the value of assets by investing in companies which the Investment Manager believes will benefit from the economic growth and development of China.
