

1. The Fund is subject to risks, such as equities, investment, and risks relating to master/feeder fund structure.
2. Investment in the units of the Baring Korea Trust, which invests substantially in Korea, is subject to the risk of investing in specific country and higher concentration risk as compared to a more diversified portfolio. Investment in Korea securities may be subject to risks including foreign exchange control and restrictions on capital transactions and payments under certain material adverse circumstances affecting Korea.
3. Investors may suffer substantial loss of their investments in the Fund.

## Investment Objectives<sup>1</sup>

The Fund invests in units of the Baring Korea Trust, which is a unit trust primarily investing in securities of Korean companies or other entities or subsidiaries of Korean companies and securities listed or traded on the Korean securities markets.
