

Performance, Top Holdings, Portfolio Breakdowns and Characteristics, and Net Assets as at 31-Dec-2018. All other data as at 16-Jan-2019.

IMPORTANT:

- The Fund's investments in equities could incur significant losses due to higher fluctuation of equity values. The Fund's income-generating investment strategy may reduce the potential for capital growth and future income of the Fund. The Fund invests in certain emerging markets and may be subject to political, tax, economic, social and foreign exchange risks.
- The Fund is subject to currency risk, foreign investments restrictions risk, geographical concentration risk in Asia Pacific region excluding Japan, smaller companies' volatility and liquidity risks, securities lending counterparty risk and currency conversion risk including Renminbi denominated Classes.
- **Class 4(G)** and **Class 5(G)** Shares pay dividends gross of expenses. **Class 6 Shares** pay dividends gross of expenses and/or from capital at the Directors' discretion. **Class 8 Shares** pay dividends gross of expenses and/or from capital at the Directors' discretion and include interest rate differentials arising from share class currency hedging. Negative interest rate differentials may decrease the dividends paid. Paying dividends gross of expenses may result in more income being available for distribution; however these shares may effectively pay dividends from capital – may amount to a partial return or withdrawal of an investor's original investment or capital gains. All declared dividends result in an immediate reduction in the NAV price of the share class on the ex-dividend date.
- The Fund may use derivatives for hedging and for investment purposes. However, usage for investment purposes will not be extensive. The Fund may suffer losses from its derivatives usage.
- The value of the Fund can be volatile and can go down substantially within a short period of time. It is possible that a certain amount of your investment could be lost.
- Investors should not make investment decisions based on this document alone. Investors should refer to the Prospectus and Key Facts Statement for details including risk factors.

INVESTMENT OBJECTIVE

The Asia Pacific Equity Income Fund seeks an above average income from its equity investments without sacrificing long term capital growth. The Fund invests at least 70% of its total assets in equity securities of companies domiciled in, or exercising the predominant part of their economic activity in, the Asia Pacific region excluding Japan. This Fund distributes income gross of expenses.
