IMPORTANT:

•The Fund may invest in debt securities that are subject to actual or perceived ratings downgrade. The Fund may invest in assets denominated in various currencies. Changes in exchange rates and currency controls may affect the value of the Fund's assets. The Fund invests in certain emerging markets and may be subject to political, tax, economic, social and foreign exchange risks. An increase in interest rates may adversely affect the value of the bonds held by the Fund. The Fund invests in bonds issued or guaranteed by governments or authorities, which may involve political, economic, default or other risks.

•The Fund is subject to distressed securities risk, non-Investment grade and unrated bond risks, smaller companies' volatility and liquidity risks, securities lending counterparty risk and currency conversion risk including Renminbi denominated Classes.

•The Fund may use derivatives for hedging and for investment purposes. However, usage for investment purposes will not be extensive. The Fund may suffer losses from its derivatives usage.

•The value of the Fund can be volatile and can go down substantially within a short period of time. It is possible that a certain amount of your investment could be lost.

•Investors should not make investment decisions based on this document alone. Investors should refer to the Prospectus and Key Facts Statement for details including risk factors.

INVESTMENT OBJECTIVE

The Global Allocation Fund seeks to maximise total return. The Fund invests globally in equity, debt and short term securities, of both corporate and governmental issuers, with no prescribed limits. In normal market conditions the Fund will invest at least 70% of its total assets in the securities of corporate and governmental issuers. The Fund generally will seek to invest in securities that are, in the opinion of the Investment Adviser, undervalued. The Fund may also invest in the equity securities of small and emerging growth companies. The Fund may also invest a portion of its debt portfolio in high yield fixed income transferable securities. Currency exposure is flexibly managed.

GROWTH OF 10,000
